4 Section 5. The Illinois Vehicle Code is amended by adding
5 Section 12-810.1 as follows:

6 (625 ILCS 5/12-810.1 new)

7 Sec. 12-810.1. Post-trip inspection reminder system for
8 school buses.

9 (a) On and after January 1, 2007, a school bus may not be
10 operated or used as a school bus within this State unless that
11 bus is equipped with a post-trip inspection reminder system.
12 The purpose of the system is to ensure that the driver is the
13 last person leaving the bus and that no passenger is left
14 behind or remains on the vehicle at the end of a work shift or
15 the work day. The system shall, at a minimum, require:

16 (1) the school bus driver to walk to the rear of the
17 bus to deactivate the system before the driver leaves the
18 bus; and

19 (2) that when the driver turns off the vehicle's
20 ignition system, the vehicle's interior lights must
21 illuminate to assist the driver in seeing in and under the
22 seats during a visual sweep of the bus.

23 (b) A school bus manufactured on or after January 1, 2006
24 may not be sold, purchased, or operated or used as a school bus
25 within this State unless that bus is equipped with a post-trip
26 inspection reminder system as provided in subsection (a).

27 (c) This Section does not apply to the temporary operation
28 in this State of a school bus that is legally registered in
29 another state and is displaying valid registration plates of
30 that state if (i) the bus is not operated in Illinois on a
31 regular basis, and (ii) the bus is being operated in Illinois
32 in connection with a cultural, tourist, athletic, or similar

1 activity that is sponsored by one or more schools located
2 outside of Illinois for the benefit of their enrolled students
3 who are being transported to or from that activity.

4 (d) The Department of Transportation shall adopt rules for
5 implementing this Section.

6 Section 99. Effective date. This Act takes effect July 1,
7 2005.
